People read clear pages, approve clear plans, and use clear training. We make all three.

What we do

- **Brand identity.** We design your logo, colors, and type, plus a short guide your team can follow.
- **Proposals and pitch decks.** We design proposals, sales decks, and one-pagers.
- **Training and onboarding.** We design handbooks, job aids, and course materials.
- **Project coordination.** We build schedules and trackers and send status reports, so your launch stays on time.

Selected work

> **Agile Cybersecurity Solutions**
> We rebranded a defense training company and designed the proposal for a contract it won. [PLACEHOLDER: permission to name, one-line result]

> **City of Palm Beach Gardens Parks and Recreation**
> We designed a coloring book for the city's parks and recreation department. [PLACEHOLDER: year]

> [PLACEHOLDER: one-line outcome]

How we work

- You get a fixed scope, a fixed price, and agreed dates.
- One person works with you from kickoff to final files.
- You own every source file.
- If a project isn't a good fit, we tell you up front.

Who you work with

Jude Infantini, a designer and Certified Associate in Project Management (CAPM).
